LIST OF PERIODICALS

(1970-74)

Surveyed for HISTORICAL ABSTRACTS

DESCRIPTION

This list contains the titles of the periodicals surveyed by the two reference systems of the American Bibliographical Center. Each journal is surveyed for articles on world history for HISTORICAL ABSTRACTS and articles on US and Canadian history for AMERICA: HISTORY AND LIFE. For selection criteria for articles cited, see the scope statements and explanation of coverage in the User's Guide of HISTORICAL ABSTRACTS and AMERICA: HISTORY AND LIFE. The list is arranged in alphabetical order by journal title.

The years of coverage and the code of the country of publication follow the title of the periodical.

Example:

Archív Orientální	1955-	CZ
Nuova Rivista Storica	1954-	IT
Gakuhō	1971	JA
Aconcagua (IHE)	1965-	SP

If no hyphen appears after the date, the journal was covered for that year only. Symbols indicating special kinds of coverage appear immediately following the title of some journals:

- (AIA) journal covered through *Abstracts in Anthropology*
(IHE) journal covered through *Indice Histórico Español*

Information on the exact coverage of a particular title may be obtained from the American Bibliographical Center's library.

Persons interested in further information concerning the journals are referred to *Historical Periodicals* (Santa Barbara: Clio Press, 1961), *Ulrich's International Periodicals Directory 1977/78*, 17th edition (New York: R. R. Bowker, 1977) and *Irregular Serials and Annuals 1976/77*, 4th edition (New York: R. R. Bowker, 1976).
